Ketchikan Gateway Borough - Public Works Vehicle Purchase

State Funding Requested: \$ 50,000**House District: 1 - A**

One-Time Need

Brief Project Description:

Funding will purchase a new one-ton utility truck to be used as a maintenance road response vehicle to service stranded buses.

Funding Plan:**Total Cost of Project: \$50,000**Funding SecuredOther Pending RequestsAnticipated Future Need*Amount FY**Amount FY**Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

Item is \$50,000 to purchase a one-ton utility truck to be used as a maintenance road response vehicle to service stranded buses. The Ketchikan Public Works Department does not have an adequate utility truck. Department pick-ups allow for minimal tool transportation relative to the needs of servicing a stranded bus which is a common occurrence. Funding will purchase a vehicle large enough to outfit with a compressor, large screw jacks and a lift. This funding will help make Ketchikan a safer place and better equip public employees.

Has this project been through a public review process at the local level and is it a community priority? ☒ Yes ☐ No

THE COMMUNITY OF KETCHIKAN

Public Works Vehicle Purchase

FUNDING REQUEST

\$50,000

PROJECT SUMMARY:

This project provides for the purchase of a new one-ton utility truck to be used as a maintenance road response vehicle to service stranded buses.

PROJECT HISTORY/STATUS:

Public Works currently does not have a one-ton utility truck for the mechanics' purposes. We use pick ups which only allow for minimal tool transportation relative to the needs of servicing a stranded bus which is a common occurrence. Our mechanics have the need for a vehicle large enough to outfit with a compressor, large screw jacks and a lift. We have the necessary equipment for outfitting the requested vehicle.

PROJECT FUNDING REQUEST:

The Ketchikan Gateway Borough is seeking an appropriation of \$50,000 to be applied towards the cost of this vehicle.
